

ZTX6002

The most powerful workstation of its category

Why choose ZTX6002 ?

Access without latency to all of your applications, even the most resource-hungry

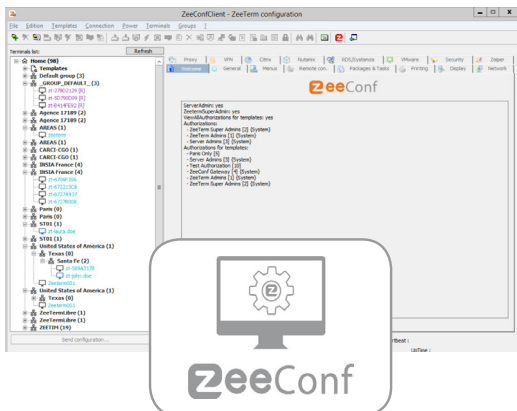

- Easy access to all of your applications, including **the most demanding in terms of bandwidth** (video, DTP / CAD ...),
- **Optimized workspace** thanks to its reduced size and a VESA mounting kit,
- **Healthy for the user**: no electromagnetic waves or noise pollution,
- An administrative platform simplifying the work of IT teams **to manage endpoints**.

An affordable workstation

- An upfront cost up to **3 times lower** than a traditional workstation for a lifetime of more than 10 years
- Hardware lifespan of **more than 10 years** for incredible ROI
- Nearly zero maintenance

Optimal security

- Fully encrypted communications
- Independent and secure internal applications
- A complete range of tools for a personalized workstation

They chose ZeeTerm

Technical characteristics

SYSTEM	
Available operating systems	ZeeOS
Administration	ZeeConf included
Compatibility	Microsoft Windows Azure Virtual Desktop Citrix Virtual Apps and Desktops VMware Horizon View Microsoft Windows Remote Desktop Services Nutanix Frame
Processor	Intel® Celeron® N3700 (Quad core, 1.6GHz)
MEMORY	
RAM	Starting from 2 GB (up to 8 GB)
Flash	Starting from 8 GB
DISPLAY	
Connectors	1 x DP 2 x HDMI
Resolution	Up to 1920 x 1200
4K Graphics	3840x2160 @30 Hz, 2560x1600 @60 Hz
CONNECTORS	
USB	2x port USB 3.0—4 x ports USB 2.0
COM	1x port COM (DB-9)
NETWORK	
Ethernet	2x port RJ-45 Gigabit (Support Wake On Lan)
AUDIO	
Input / Output	1x jack 3.5 mm 4 pin
ENVIRONMENT	
Working temperature	-4 F° to 122 F°
Relative humidity	5% to 95% with no condensation
Cooling	Passive (no fan)
POWER	
Electric power	External
Input / Output	100 to 240V AC 50-60 Hz / 12V DC 2A
Consumption	0.5W stand by, 10W max when working
Compliance	FCC Class A - CE - CCC - RoHS
DIMENSIONS	
Case H x L x P	134 x 126 x 38 mm
Weight	1.5 lb
WARRANTY	
Hardware warranty	3 years

A complete range of tools for a personalized workstation

Software

- Administration Platform allowing secure access from anywhere (free with ZeeTerm)
- Choice of OS (ZeeOS, Windows or Linux)
- Local Installation of third-party applications
- Browser choice (Chrome, Firefox...)
- Numerous configuration options available out of the box
- High availability
- Wi-Fi upon request

Hardware

- VESA mounting kit
- K-Lock
- Smart card reader
- Customizable connectors
- Component upgrades on demand (i.e. RAM, Flash Disc, etc)

Services

- Warranty extension
